**G DATA** | TRUST IN GERMAN SICHERHEIT

G DATA ANTIVIRUS BUSINESS

VIRUS-FREE CLIENTS - FOR TROUBLE-FREE, PRODUCTIVE WORKING

G DATA ANTIVIRUS protects your company network with multiple award-winning antivirus technology, central control and automatic protection for all servers, workstations, notebooks and mobile iOS and Android devices.

The new AntiSpam function in the Exchange plug-in, support for additional Linux distributions and protection against malicious USB devices by the integrated USB KEYBOARD GUARD now offer even more security for your company.

G DATA has been carrying out research for your security for 30 years.
The result is exceptional, comprehensive protection for your PC, which is easy to install, simple to operate and offers excellent performance levels.

That's **GERMAN SICHERHEIT**.
